ANNOUNCEMENT BY SUPERVISOR JOAN WALSH

Supervisor Joan Walsh invited everyone to the Interfaith Service, being held on Thursday, November 18, 2010 at 7:30 PM at the Jewish Community Center, Union Avenue, Harrison. The Interfaith group started in 1964, to acquaint the residents in town of the various religions, telling about the different religions and the role that each religion played in the history of the world. They have lectures, a dinner in the Spring and every Fall, they have a thanksgiving service.

COMMENTS BY SUPERVISOR JOAN WALSH RE: LEAVES IN THE STREET

Supervisor Joan Walsh stated that a problem in town is leaves in the street. Gardener's from outside of Harrison are also dumping their leaves in the streets of Harrison. Two gardeners have been caught.

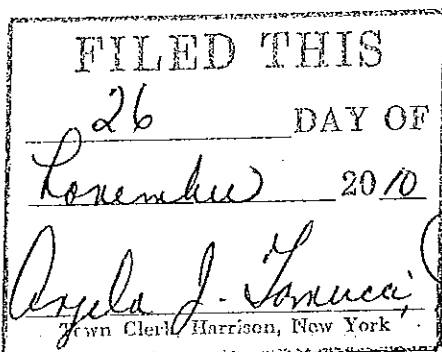

Chief of Police Anthony Marraccini stated that especially at this time of the year leaves are an issue. Gardeners from other communities have been caught dumping their leaves in Harrison. More resident gardeners are putting leaves in the street, causes a slippery condition. Some of the gardeners are not registered with Westchester County. Mr. Marraccini advised residents to verify their gardener is properly licensed. Residents and/or gardeners will be fined.

Mrs. Walsh spoke to a resident that said that along Purchase Street one could tell the dumping was done by gardeners by the shape of the truck. She went on to say that letters went out to gardeners this week. The Town has a policy that a fee will be imposed, \$50 fine for the first offense \$250 fine after that. She further stated that the only time the leaves are picked up is during the week. There is no longer a pick up on week-ends due to the budget, decreasing over-time.

Jimmi Pritchard of Harrison Avenue complained that the leaves have never been touched in front of her house. The DPW is not as productive as residents would like it to be.

Supervisor Walsh reminded the residents that the amount of people that were hired for leaf pick up in the past is not presently being done. There is no money for it.

Roy Porto stated that it takes some time to bring the leaves up to the Airport. Scarsdale keeps a truck behind the crew, so that when one truck if full the other truck intervenes. Traveling from downtown to the DOT takes a lot of time. Maybe a rotation of trucks would help. Supervisor Walsh said that the issue would be discussed.

ACCEPTANCE, WITH REGRET, THE LETTER OF RETIREMENT
FROM POLICE OFFICER CHRISTOPHER DIGIACOMO

Supervisor Joan Walsh explained that Mr. DiGiacomo was injured and that is the reason for his retirement. She stated that they (the Board) wishes him well in the future and better health.

Chief of Police Anthony Marraccini stated that it's with great regret that this resignation from P.O. DiGiacomo is accepted. He was a great asset to the Department. He was enthusiastic, energetic. He served the town as a motorcycle officer, was very productive in keeping the town safe. In addition, he assisted the Department on several major investigations, he was involved in numerous felony drug arrests throughout the town and we're losing a good police officer.

On motion of Councilwoman Amelio, seconded by Councilman Cannella,

it was

RESOLVED to accept, with regret, the letter of retirement from Police Officer Christopher DiGiacomo, effective November 21, 2010.

FURTHER RESOLVED to forward a copy of this Resolution to the Comptroller, the Personnel Manager and the Chief of Police.

November 17, 2010

2010 - - 407

APPROVAL TO SET THE DATE OF DECEMBER 2, 2010 FOR A PUBLIC HEARING
RE: THE 2011 PRELIMINARY TOWN BUDGET

Supervisor Joan Walsh stated that there are three versions of the budget.

1. The tentative, which is in existence
2. The preliminary
3. The adopted

The Board is meeting with the Department Heads to discuss their budget and requests. One meeting took place last evening, Tuesday, November 16, 2010. The next will be held on November 23rd and 30th at 5:45 pm. There was a question about why that time was chosen. Mrs. Walsh explained that it's because the board is meeting with the department heads and their days are long enough, and the board doesn't want them to come back. The budget work sessions are open to the public. Residents are not permitted to speak because this is a discussion between the board and department heads.

Chris Hughes commented that the time of 5:45 pm is not convenient to all. Would televising the sessions be possible?

Supervisor Walsh answered by saying she had spoken to other supervisors about that and the feeling was that there was not the same free flow of discussion among the department heads. It is open to the public.

The Board agreed that it should not be televised.

Mrs. Hughes stated that the time was difficult for many residents.

Mrs. Walsh asked if Mrs. Hughes was suggesting a different time.

Councilwoman Amelio stated that the work session should be made more acceptable for tax payers to be present.

Lucille Held agreed that the time should be changed. She complained about the police spending a \$1,000 for a chair.

Supervisor Walsh told Mrs. Held that anytime she has something to present to the Board give it to the Board in writing ahead of time.

Chief of Police Anthony Marraccini stated apologized to the Board in taking time but Mrs. Held's acquisitions and insinuations that are made that are destructive to all department heads and department's in the town, he really believes that all department heads are working to save the

taxpayers dollars and he thinks that all department heads are being very conscientious in working with the town board and your office, Mayor to be careful in what we spend. To make an insinuation that we've wasted money spending it on a \$1,500 chair, he his forced to explain the concept of what we do regarding our desk operations. That chair was purchased for our main desk area, we've purchased similar chairs like that in the past finding that those chairs have lasted us years. They're specially made. Desk operations go 24 hours per day, 7 days a week. Police Officers are sitting in them with gun belts which adds weight, they slide back and forth regularly on those chairs, going from radio to computer to other communication devices within the town. We've tried \$200 chairs from Office Max only getting a couple of months out of those chairs. Not a year as Mrs. Held portrays. The department has done its research into what's most cost effective for the town. All the departments are operating with substandard equipment. The police department is operating with cars that shouldn't be on the road. They're operating at a staffing level that has been the lowest in the history the chief can remember. There are 57 men, they were at 79 men. The chief would be happy to put his budget presentation to the board on television, if the board so desires. He has no issue talking about what this town needs for professional and law enforcement. That's not an issue for the police department nor does the chief believe it would be an issue for any department head. Every department head, the employees have all been working together to see that this town is financially stable and they've been working with the board on negotiations to try to help. The Chief believes that this type of draw from some people that they try to politicize things is detrimental to the...

Supervisor Walsh interjected that she didn't think it was being political right now and told Mrs. Held, enough.

She echoed what the Chief said about the cooperation of the employees and the department heads. In the 2010 budget there was x number of dollars that were for operations. The employees worked very diligently and were very careful in their expenditures during the course of the year and we (the town) are just about \$1,000,000 under what we had expected to spend. She believes that they need to be congratulated for that.

Mrs. Held said that this is not politicizing in this it's all freedom of information. What ever is said she is saying we (the town) did not have the money, we do not have the money and as far as loyalty, could someone tell her about the amount of money that was spent on sandwiches during the Toyota investigation. This was none of our business.

Chief Marraccini stated that this has to stop because it's destructive to our community. This type of talk is divisive and it's not true and the way it's twisted by Mrs. Held. He cannot let his department be ridiculed unjustly for a professional investigation that drew international attention to this town, and we left it without one mark. A U.S. Senator was hosted.

Councilwoman Amelio stated that she has a problem with people in the audience think that they have the ability to tell a police department how to run a police department and what topics or accidents are worth investigating. That's dangerous grounds residents walk on.

Councilman Cannella stated that they are in the middle of an agenda and he would like the agenda to be gone through.

Councilwoman Amelio stated she would like all public opinion to be held until the end of the meeting.

Supervisor Walsh responded that it was never done that way.

Maria Polera asked that there be allotted time for residents to ask questions during the budget work session.

Mrs. Walsh stated that her suggestion was for the residents to give the board their questions ahead of time.

Councilman Cannella stated that what just took place is what they don't want to happen during the meetings with the department heads.

Deputy Attorney Jonathan Kraut stated that he thinks it's important at some level, especially for those who are watching, to draw distinction between the purpose of work sessions which are open to the public, but are work sessions for the board to work internally with department heads at public budget hearings. There's a reason, we've gone this through other budget cycle, where Mr. Kraut has given the same reference to the statute but that's exactly why there are budget hearings, so that questions can be given to the board in writing ahead of time. You cannot have budget work shops with department heads that will be valuable towards the budget if the public can to interject themselves. The law does not intend it be to done that way.

Supervisor Walsh stated that to her knowledge there are no work sessions held by anybody (legislative body or other) that allows public participation. No one will be allowed to speak.

On motion of Councilwoman Amelio, seconded by Councilman Cannella,

it was

RESOLVED to set the date of December 2, 2010 for a Public Hearing RE: the 2011 Preliminary Town Budget.

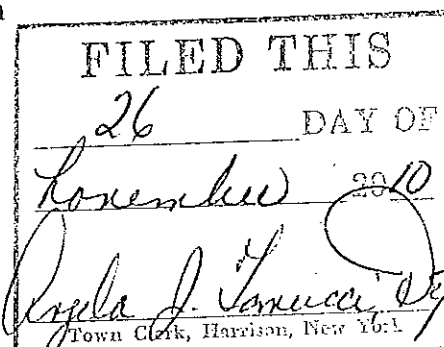

FURTHER RESOLVED to forward a copy of this Resolution to the Comptroller and the Law Department.

November 17, 2010

2010.- - 413

CONTINUATION OF THE LAKE STREET ROCK QUARRY'S PUBLIC HEARING

Village Deputy Attorney Jonathan Kraut stated that the attorney for the appellant is present and would like to introduce into the public record some documents prior to the Hearing being closed. The Board is free to hear testimony which is hopefully (a) relevant to the issue upon which the appeal is here and (b) that is not redundant from testimony you have heard before. Once that's done, the Town Attorney's office recommends that you close the Hearing subject only to inclusion with filing in the Clerk's office in the next couple of days some documents from archives which have been cold and then certainly the records to the Board at that point to make a decision.

Councilman Vetere asked: how much longer is this going to go on? Every meeting he (the attorney) comes up with something new. Mr. Vetere believes that at some point it has to be ended.

Mr. Kraut asked if Mr. Vetere would like to close the Hearing tonight.

Mr. Vetere responded: No.

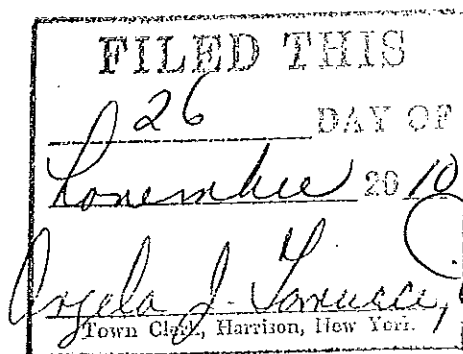

Mr. Sirignano spoke on behalf of his client, The Lake Street Rock Quarry, reminded the Board what this issue is all about. He continued saying that Judge Lorenzo has remanded Article 78 petition to this board on an issue of a Stop Work Order that was issued in connection with the quarrying operations. The issue for this Board is what their rights are as pre-existing, non conforming quarry and whether the board has an opinion as to whether they have to comply with a subsequently adopted ordinance for the quarrying operations. This is what the judge has asked the board to do. Mr. Sirignano went on to say that he is submitting a package and is prepared for the board to close the record.

After a lengthy discussion including Councilman Cannella, Attorney Jonathan Kraut, Mr. Sirignano, Councilman Vetere, Sam Fanelli, Mr. Daher, Chief Marraccini, Supervisor Walsh and Mr. Jaffe.

On motion of Councilman Cannella, seconded by Councilman Vetere, with all members voting in favor it was agreed to close the Hearing tonight, but, keep the record open until the close of business on Friday, November 19, 2010 for additional submissions.

2010 - - 414

DISCUSSION: RE: CAR USE POLICY

Councilman Vetere stated that two weeks ago he presented the car policy to the Town Board and so far no one has gotten in touch with Mr. Vetere who assumes that everyone agrees to what is in the car policy. He made a motion to adopt the car policy and was seconded by Supervisor Walsh.

Councilman Sciliano stated: to make note that there was never a car policy is wrong. The new car policy was handed out at the November 3, 2010 Meeting. He would like to see some of that go farther. He would like to take this item into Executive Session.

Councilwoman Amelio asked if there is an outline of the savings the town would be rendering.

Mr. Vetere answered \$100,000.

The Board members replied No.

Deputy Village Attorney Jonathan Kraut stated that there was a motion and it was seconded. He asked: What was the motion for?

Councilman Vetere responded that it was to adopt the car policy he presented to the board.

Mr. Kraut asked: what policy?

Mr. Vetere: you were given it two weeks ago.

Chief Marraccini stated that he didn't have a copy of the policy and didn't know if it will or will not effect the Police Department.

Mr. Kraut stated that he knew Councilman Vetere read from something but he didn't know what it was.

Supervisor Walsh replied that Mr. Vetere's motion was to limit the number of cars that go home. Further limit the number of cars beyond what was previously adopted.

Mr. Kraut said just for clarity, so the Board knows what they're voting on; is it on a document or on that statement.

Mrs. Walsh replied: On that statement.

Mr. Kraut stated he's looking at a three page document without a date and goes through a variety of topic areas. He suggests that a copy be made and then vote on it. His advice is to circulate this car policy to the Department Heads keeping in mind there was a running debate that lasted over 18 months with multiple drafts and Department Heads were involved in the discussion and you

actually adopted a Car Use Policy. He suggests if you want to deviate from it, it gets circulated to the Department Heads.

Councilman Sciliano stated that he would like to see the current policy be amended because this policy has inconsistencies in it.

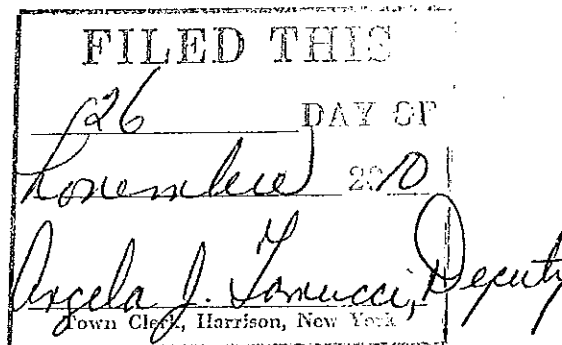

Attorney Kraut stated that if there are concepts that you (the board) want changed why not circulate the existing policy, that has a lot in it and a lot of time was spent on it.

Mr. Kraut stated that he will circulate to the board and to the Department Heads the adopted car policy and the policy being presented.

Councilwoman Amelio stated that no member of the Board is saying that they're against the policy they just would like more information. She continued saying, she was not on the Board at the time of the adoption and would like to see what they are voting on.

Naomi Oppman suggested that because we don't have much money eliminate the cars for everybody except for the volunteers, such as in the Fire Department.

Roy Porto stated that we are at 37 vehicles. Since a budget is going to be done then the car policy should be re-addressed. There are some communities that only have 5 cars going home.
